

FIRE EVACUATION PLAN – Ground Floor

COLLECTION POINT “7” – Ground Floor Personnel

FIRE EVACUATION PLAN (Ground Floor)

Fire Drill

1. Fire alarm/observe and warn
2. Ground floor is equipped with sprinkler system .
3. Walk swiftly but do not run along the assigned route. Do not attempt to carry large items with you. Leave them in place!
4. Employees will escort all visitors on their floor with them to their designated Collection Point (CP #7) in Main Parking Area.
5. Consolidate / Establish Accountability at CP #7.
6. Await further instructions.

Be Aware

1. Smoke kills more than fire does – worry more about smoke inhalation than fire – keep low/cover mouth.
2. Walk swiftly but do not run along the assigned route.
3. Check door handles with the back of the hand before opening – if hot, there may be fire on the other side.
4. Keep doors and windows closed when not in use to mitigate drafts spreading fires.
